

Estate Security & Physical Security Systems

Examine dealing with the estates and residences of celebrities and other notable individuals and families. Participate in exercises and engage in discussions on best practices moderated by seasoned practitioners with years of experience working with celebrities and other notable individuals.

Topics include:

- Types of Estates and Properties from thousand-acre estates to high rise residences in major cities.
- How to conduct a security assessment and determine protective measures needed to secure the property.
- Study different types of physical security systems including locks, fences, gates, lighting, and electronic security systems including intrusion alarm and camera systems, as well as fire and life safety systems.
- Working with system designers and installation contractors to install or upgrade existing systems.

- Establishing policies and procedures and working with other estate personnel, such as cooks, nannies, outside contractors, and other support personnel such as doormen, maintenance, and housekeeping personnel.
- Setting up a command post and static guard houses.

Attend this program in conjunction with:
